

ITCL

ITCL: Ready for Inspection Vendor Inspection

What is it?

Our Vendor Inspection service involve inspecting items at the place of manufacture before delivery. This is the most convenient and cost-effective way to determine whether a product, service, process, piece of equipment or installation complies with the Inspection and Test Plan (ITP), expressed needs, customer expectations, applicable regulations or other specific requirements.

Vendor inspections can include, review of material certificates, visual inspection, witness and verification of non-destructive tests, review of NDT reports, witnessed inspections, witnessed factory acceptance tests, supervision of mechanical or functional tests and pre-shipment inspections.

ITCL's vendor inspectors are all qualified welding inspectors and hold level 3 certification in non-destructive tests (NDT) disciplines.

Why should I use ITCL?

ITCL prides itself on the high quality of application and testing by experienced technicians.

Our workforce is fully qualified to current standards and works to approved procedures and control checks. Environmental and Health & Safety issues are of paramount concern to all staff working on your site. Expert consultation is always available.

ITCL offers a comprehensive 24hr in-house and on-site service.
